5th April 2019

Hello everyone

It has been a super-busy week, with lots of extra activities taking place right up to the end of term! We thoroughly enjoyed Year 1's performance yesterday and it was lovely to have our PTA parents there as well with cakes, a raffle and a lucky dip as well. There have also been various trips this week despite the rainy weather - check the class news for more information. Thank you to all those parents who came along as volunteers on these trips.

We have quite a lot going on in the holidays. I know some children are coming along to our Playdays and some year 6 children are also attending SATs booster sessions. There is also various work happening around school, including lots of renovation in Sunflower room, thanks to generous funding from Wates Giving and the John James Foundation.

Have a good holiday; we look forward seeing everyone refreshed and ready for some more great learning after the Easter break.

Best wishes,

Sue Ramsay, Headteacher.

Happy Easter! School starts again on
Tuesday 23rd April

This term's **LEARNING CHAMPIONS!**

Reception: Nabiila and Baktiar

Year 1: Suber and Samuel

Year 2: Aaliyah and Mohid

Year 3: Aiyana and Riyan

Year 4: Ali and Muaad

Year 5: Valeria and Jermaine

Year 6: Radwa and Siham

Half-term! FUN SORTED!

The Greatest Circus Show at Cabot Circus

Visit Cabot Circus to see the greatest show in town. On Wednesday 17 and Thursday 18 April, join the ringmaster and his friendly circus crew to help get the show on the road, including the main star of the circus itself – Esperanza the Elephant!

Get your (superhero) cape on at The Galleries

Young shoppers are invited to channel their inner superhero at The Galleries in Bristol Shopping Quarter this Easter. They will be able to meet Marvel Comics favourites Iron Man, Wonder Woman, and Spider Man, and take part in a series of free crafting workshops. 8th - 12th April.

The Calmer Llama trail in Bristol Shopping Quarter

For the eighth year running the Broadmead BID team are working in partnership with The Ark Bus and The New Room to create a very special Easter trail, this time featuring 52 Calmer Llamas! (6 Apr - 22 Apr 2019) Bristol Shopping Quarter.

Egg-citing Easter Trail at Wapping Wharf

Collect activity sheets from The Bristol Cheesemonger (Better Food on Mondays) and hunt for brightly-coloured eggs in the windows of Wapping Wharf's shops and businesses. Crack the code to spell out an Easter-themed sentence and an award awaits for your hard work! 8-26 April - apart from Easter Sunday.

Dinosaur Detectives at Bristol Museum & Art Gallery (10 April)

Budding palaeontologists can learn all about dinosaurs in this hands-on roar-some workshop. Meet the Bristol dinosaur, handle fossils, dress up and even make a fossil cast to take home. Suitable for children aged 6-8 years.

- 2. Make new friends**
- 3. Have fun**
- 4. Get outdoors**
- 5. Learn exciting things**

Scouts

Thursdays @ 5:30pm

What have we been learning?

Reception.... this week we visited Leigh Woods. We thought of words to describe what we could hear in the woods, we felt the texture of different trees and we spoke about who uses the trees. Back at school we learnt the story of Jack and the Bean Stalk. **At home, practise reading and writing all the sounds and tricky words we have learnt so far. Add a photo to ILD to show us what you get up to in the holidays.**

Year 2... we finished off our newspaper report which retold the event of Zeraffa Giraffa arriving in France. As mathematicians we looked at money and as part of STEM week we learnt all about the journey of a bee. **At home, please practise addition (+), subtraction (-), division and multiplication (x) over the holidays - and read every day with your child.**

Year 4... what a busy last week of term! We had our final swimming lesson of the term, and had loads of fun splashing around playing games. For STEM week we explored science topics. **Please help your child to practice telling the time on an analogue clock.**

Year 5... in maths we multiplied and divided whole numbers and decimal numbers by powers of 10 (10, 100, 1000). In English, we wrote our own adventure stories based on 'The Explorer' novel. We enjoyed our Geography and Science activities this week too! **At home, support your child to add and subtract numbers mentally.**

Year 1... have had an exciting week! We worked very hard and were fantastic actors, actresses and singers in our performance 'Hats Off'. For STEM week we were also scientists with Magnetic Maggie and enjoyed watching lots of chemical reactions! We also were engineers and built our own shoe box cars! **. At home, read and complete your homework packs over the break!**

Year 3... we have had an exciting week! We had a lovely day out at Feed Bristol on Wednesday and learnt lots about plants and seeds. Also as scientists, we carried out an experiment to find out how water travels through plants. **At home, encourage your child to read as often as possible and practise a column of times tables. Also, keep asking them what the time is!**

Year 6... what a busy week in Year 6! We wrote persuasive letters to Ms Ramsay about helping the school to become more environmentally friendly, we learnt about circles and pie charts as mathematicians and enjoyed our science workshops too! **Enjoy your well-deserved break, Year 6! At home, work through your child's revision pack with them during the holidays. Please also continue to read!**
