

1. Miss Mahmood has some fruit:

Complete the sentences:

There are \_\_\_\_\_ apples and \_\_\_\_\_ strawberries.  
 There are \_\_\_\_\_ times as many strawberries as there are apples.

2. Miss Ellison-Smith has some fruit:

Complete the sentences:

There are \_\_\_\_\_ apples and \_\_\_\_\_ strawberries.  
 There are \_\_\_\_\_ times less strawberries as there are apples.

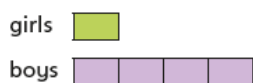

3. Match the statements to the bar models and write the last statement in your book.

There are 4 times as many boys as girls.

There are 3 times as many boys as girls.

4. Complete the sentences:

45 is  times greater than 5

$$\text{□} \times 5 = 45$$

5 is  times smaller than 45

$$45 \div 5 = \text{□}$$

- Eva has twice as much as Alex.
- Dexter has 9 times as much as Alex.
- Annie has 3 times as much as Eva.
- Tommy has twice as much as Eva and 4 times as much as Alex.

Use the clues to work which child uses each scale.

	Alex	Eva	Dexter	Annie	Tommy
Scales					

Choose a 1 digit number and times it by 3  
 Times it by 3 again  
 And again

Try a different number. Can you spot any patterns?
